BALLOT MEASURES

IDAHO CONSTITUTIONAL AMENDMENT

This proposed constitutional amendment provides that only Idaho residents who are citizens of the United States are eligible to vote in elections in the State of Idaho and that noncitizens are not eligible to vote in any election in the State of Idaho.

Question: Shall Section 2, Article VI of the Constitution of the State of Idaho be amended to provide that individuals who are not citizens of the United States may not be qualified electors in any election held within the state of Idaho?

A YES vote would approve the proposed Constitutional Amendment for additional language providing that only United States citizens may vote in elections in the State of Idaho.

A NO vote would make no change to the Idaho Constitution.

- YES
NO

VOTE BOTH SIDES

\* This question only applies to voters that reside within the Kendrick School District
\*\* This question only applies to voters that reside within the Culdesac City limits

PROPOSITION 1

Measure to:

- (1) replace voter selection of party nominees with a top-four primary;
(2) require a ranked-choice voting system for general elections.

This measure proposes two distinct changes to elections for most public offices.

First, this measure would abolish Idaho's party primaries. Under current law, political parties nominate candidates through primary elections in which party members vote for a candidate to represent the party in the general election.

Second, the measure would require a ranked-choice voting system for the general election. Under current law, voters may select one candidate for each office, and the candidate with the most votes wins.

Funding Source Statement: The Idaho Open Primaries Act will be funded by an augmentation of existing state and county expenditures for advertising and tabulation.

Fiscal Impact Statement: Under this initiative, new software for tabulating ballots via instant runoff voting is needed; no federally certified software exists for this process.

Seventeen counties need to purchase an election management software at an estimated cost of \$300,000. Material costs for a May primary election have been above \$800,000.

Question: Shall the above-entitled measure proposed by Proposition One be approved?

A YES vote would replace Idaho's primary election with a single top-four primary and change Idaho's general election to a ranked-choice voting system.

A NO vote would make no changes to the current primary and general election voting process.

- YES
NO
